In some cases we may be able to furnish the bulbs priced by the 100 in larger lots.    If interested please write for prices in 1000 lots.    This has been the most ideal growing season we have had in ten years and our bulbs, which are about half dug at this writing, are the finest, cleanest stock that we have yet produced.    Don't let our low prices lead you to believe that our stock is in any way inferior.
